GENERAL INFORMATION

OFFICIAL LANGUAGES

Official languages of the Symposium are Croatian and English.

REGISTRATION FEE INCL. VAT: 220,00 EUR

Upon receiving the filled-out Registration Form, participants will be sent the offer for registration fee payment by the Symposium Secretariat. Participants are expected to send confirmation of the registration fee payment to the Secretariat.

Symposium participant fee includes:

- Access to all events at the Symposium
- Bag with accompanying materials
- Proceedings
- Certificate
- Welcome cocktail party sponsored by Koka Ltd., Varaždin
- Gala dinner

POSTER PRESENTATION

Posters will be presented in the congress area of the Pical Resort - Pical Event Centre. Authors of accepted posters will receive technical instructions and a deadline for submitting their posters to the Symposium Secretariat in due course. Authors will also have the opportunity to give a short oral presentation of their posters in the congress hall for five minutes, followed by a discussion in a separate Poster section within the Symposium programme.

PROCEEDINGS AND INDEXING OF PUBLISHED PAPERS

Papers that pass review will be published in full in the Proceedings Poultry Days. They will be submitted via the Hrčak (Srce) website to the open access system for conference proceedings (Open Monograph Press – OMP). Abstracts of papers published in the Proceedings will be referenced in the bibliographic database CAB Abstracts, published by CABI Publishing. The database is accessible via the Web of Science interface.

EXHIBIT PROMOTION

Companies that present their products and services during the Symposium have at their disposal an exhibition space in the conference lobby at Pical Event Center.

BUSINESS MEETINGS

Companies that want to hold business meetings with their clients during the Symposium have at their disposal the halls. If you intend to hold such a meeting, please inform the Organizer about your intention and the number of meeting participants to make arrangements for the use of the hall.

ACCOMMODATION

Accommodation for all Symposium participants is available at Pical Resort 5*, Valamar Collection in Poreč. Special accommodation prices are valid from 6 to 9 May 2026 (bed and breakfast).

- 255,00 EUR per room per night in a double room (double use)
- 215,00 EUR per room per night in a single room (single use)

Additional services: buffet lunch supplement 35,00 EUR per person.
Participants book their own accommodation through the Poultry Days 2026 link on the official Symposium website www.veinst.hr, which provides instructions for payment by card or proforma invoice.
You can reserve accommodation by scanning the QR code.

USEFUL INFORMATION

Transfer
For information on transfer prices, please send an enquiry to transfer@valamar.com, as the price depends on the number of people and the distance from the airport.

Parking fee
5,00 EUR per day

Charging of electric cars
A fast DC charger with a total power of 150 kW (2 × 75 kW) is available to guests at Pical Resort.
Charging price: 0.45 EUR per kWh
Holding fee: 0.08 EUR per minute, applied after 60 minutes of charging.

EDUCATIONAL TOUR

Visit the Tomažin d.o.o. poultry farm near Pazin, enjoy a guided tour of Pazin, and dinner at Konoba Bani in Pazin. The bus will depart in front of the hotel on Friday, 8 May 2026 at 3:30 p.m. The total price of the expert tour with dinner is 62,00 EUR per person for a minimum of 35 participants. If there are fewer participants, the total price is 85,00 EUR per person for a minimum of 15 participants.

Payment for the education tour should be made to In Tours Istrad.o.o., Buzet, mobile: +385 99 6921 980.

Send your application, including your name and surname, or the details of the company that will pay for the education tour, to petar@intours-istria.com by 24 April 2026. Upon application, In Tours d.o.o. will send an offer for payment with payment terms.

TOURIST INFORMATION

The city of Poreč-Parenzo

In its present form, Poreč-Parenzo was established by the Romans two millennia ago, following their conquest of the native Histrians. The city began as a military camp, then became a fortified settlement, and later developed into an important administrative and economic centre known as Colonia Iulia Parentium. From 1267, and for the next half millennium, Poreč was under Venetian rule, during which time the city acquired its most beautiful palaces. The most significant cultural monument, however, was left by Byzantium: the Euphrasian Basilica with its bishopric from the 6th century. Owing to its exceptional geographical position and its natural and cultural beauty, Poreč is today one of the leading tourist centres in Croatia.

Pical Resort 5*, ValamarCollection

Pical Resort 5*, Valamar Collection, offers an exceptional holiday experience in the heart of Parenzana Park by the sea, renowned for its lively promenade, charming squares, and diverse entertainment and cultural attractions. Explore a varied gourmet selection, from a fine dining restaurant featuring menus by renowned Michelin-starred chefs to a buffet offering healthy Mediterranean and Istrian dishes. Unwind at the indoor and outdoor themed pools or enjoy the sea at three beaches with a wide range of sports and entertainment facilities. Pical Resort, a preferred choice for business travellers, provides an ideal setting for business events in one of Croatia's leading congress centres. The Pical Event Center Poreč, with a capacity of up to 1,200 participants, is a multi-purpose congress centre with a large hall and seven modular rooms, offering excellent conditions for conferences, seminars, and team-building events. Surrounded by turquoise sea and Mediterranean greenery, the resort features elegant rooms and suites with private balconies or terraces overlooking the Adriatic Sea, the old town, or the park. From exclusive meetings to large congresses and events, the Pical Event Center provides an impressive environment where every event becomes an unforgettable experience.

Tomažin eggs – home-grown pasture eggs from the heart of Istria

Tomažin poultry farm d.o.o. was established in 1982. The company's main activity is the production, packaging, and distribution of table eggs. The production facilities and packing house are located in Vela Traba, near Pazin, where the company is headquartered. In 2020, a new investment enabled the construction of a free-range farm, where hens have free access to the farm, move freely, and eat wild plants found in their natural environment. The farms meet the highest EU standards. The automated plant regulates the water supply, light levels, humidity, and temperature in the facility, and real-time feedback is received via computer if any vital process in the system stops working. The introduction of the HACCP system has also improved product quality and safety. Product packaging takes place in a specially equipped packaging centre, which is also fitted with a modern cold storage facility for product storage. Products are sold daily in the Istria and Kvarner regions to hotels, kindergartens, schools, pastry shops, bakeries, retirement homes, markets, supermarkets, and restaurants.

KonobaBani

In the heart of Istria, not far from the town of Pazin and above the Pazinčica River, lies the small village of Bani. Unspoilt nature, fresh air, tranquillity and a homely atmosphere are the main features of this place, inviting you to escape the hustle and bustle of the city, even if only for a short while. Konoba Bani has been operating in Bani since 1983. Until 2002, it functioned as a rural household (rural tourism). Since then, it has successfully operated as a tavern. To best convey traditional Istrian values, the staff of KonobaBani will welcome you in traditional Istrian costumes, accompanied by live accordion music. If you wish, your stay can be enhanced by a performance from a folklore group from the Pazin region. During your visit, you will also have the opportunity to hear traditional Istrian songs, and if you are lucky, you may even hear a donkey braying or a rooster crowing.

TENTATIVE PROGRAM

Wednesday, May 6, 2026

15:00 - 17:30 Registration (Pical Resort 5*, Valamar Collection Hotel lobby)
18:00 - 18:30 Opening of the Poultry Days 2026 Symposium
(Parenzo Hall, Pical Event Center)

Plenary session

18:30 - 18:50 **From vaccines to immunity: Salmonella control in poultry flocks**
Danijela Horvatek Tomić
18:50 - 19:10 **A disease that is returning: are we prepared?**
Vladimir Savić

19:10 - 19:25 Discussion

20:30 Welcome cocktail - sponsored by Koka Ltd., Varaždin

Thursday, May 7, 2026

8:00 Registration

8:30 - 9:00 **Integrated poultry production for meat quality and safety. A special chapter: a new poultry hatchery** - *Valentina Kancijan and Ivica Orehovački*, Koka Ltd, Varaždin, Croatia *(commercial presentation)*
9:10 - 9:20 **Poultry industry trends during the last four years of inflation**
Branko Bobetić
9:20 - 11:00 **PANEL: Evidence of field strains of Salmonella in vaccinated laying hens with reference to salmonellosis control**

Panel leader:

Asst. Prof.Vladimir Savić, DVM
Croatian Veterinary Institute, Poultry Centre, Croatia

Diversity of *Salmonella* isolated under the National Salmonella Control Programme in primary poultry production during 2024 and 2025 - *Luka Jurinović, Biljana Ječmenica, Viktor Mašović, Sandra Gutić, Zrinka Dugonjić Odak, Fani Krstulović*

Panelists:

Prof. Danijela Horvatek Tomić, DVM
Department of Poultry Diseases, University of Zagreb Faculty of Veterinary Medicine, Croatia

Asst. Prof. Željko Gottstein, DVM
Department of Poultry Diseases, University of Zagreb Faculty of Veterinary Medicine Croatia

Zrinka Dugonjić Odak, DVM
Sector Adviser, Food Safety and Veterinary Public Health Sector, Directorate for Veterinary Medicine and Food Safety, Ministry of Agriculture, Forestry and Fisheries, Republic of Croatia

Brankica Capek, DVM
State Inspectorate of the Republic of Croatia, Sector for Veterinary Supervision and Food Safety Supervision

Ana Hell Kurevija, DVM
Poultry Production Manager, Žito Inc. Osijek, Croatia

Andrea Humski, DVM, PhD
Director of the Croatian Veterinary Institute

Luka Jurinović, PhD
Head of the Bacteriology Laboratory, Croatian Veterinary Institute, Poultry Centre

11:00 - 11:15 Coffee break (sponsored by Arnika Veterina Ltd)

11:15 - 11:25 **Biosecurity: the foundation of successful poultry production –** *Tihomir Zglavnik, Vladimir Savić*

11:25 - 11:35 **Incidence and distribution of *Salmonella* spp. serovars isolated from poultry meat during 2023-2025** - *Dora Tomašković, Lucija Hlebić, Lovran Peinović, Sanja Duvnjak, Irena Reil, Maja Dopuđ, Antonela Bagarić, Eva Postružin, Andrea Humski*

11:35 - 11:55 **Vaccination against *Salmonella* – a tool for advancing the "One Health" concept** – *Björn Oberländer, MSD Animal Health, Germany (commercial presentation)*

11:55 - 12:05 **Occurrence of *Salmonella enterica* in wild birds for aging at anthropogenic and natural habitats** – *Biljana Ječmenica, Louie Taylor, Viktor Mašović, Fani Krstulović, Luka Jurinović*

12:05 - 12:15 **Occurrence of *Salmonella* spp. and presence of serovars in pheasant farming in Eastern Croatia during the period 2005-2015** – *Marica Lolić, Mario Škrivanko, Marija Krajina, Davor Balić, Vlado Blagajac, Irena Perković, Ena Bajić, Ana Mužik, Fani Krstulović, Kristina Matković*

12:15 - 12:20 Discussion

12:20 - 13:20 **Workshop - GO FOR GOLD in Poultry Health: Excellence in Water Medication and Next-Generation IB QX Control (Dechra Veterinary Products, Netherlands)**

- **Challenges and Critical Success Factors in Water Medication** – *Ad Bakx, DVM MBA, Senior Business Manager, Dechra, Netherlands*
- **Avishield IB QX: a story ofsuccess** - *Lana Ljuma Skupnjak, PhD, Associate Director Vaccine, Vaxxinova, Zagreb*
- **Avishield® IB QX: Go For Gold** – *Davor Janković, DVM, Technical Manager Poultry, Vaxxinova, Zagreb*

Lunch break

14:30 - 15:00 Registration

15:00 - 16:00 **Workshop - Vaxxinova: IBV Control in Poultry Health - Protection Evolved (Vaxxinova Zagreb Ltd., Zagreb)**

- **IBV, the importance of cross-protection and an update on European strains** - *Robert Jan Molenaar, DVM, FCRPath, Netherlands*

16:00 - 16:10 **Occurrence of highly pathogenic avian influenza in Croatia in the past two years** - *Ivana Rončević, Tajana Amšel Zelenika, Mirta Balenović, Tihomir Zglavnik, Marica Lolić, Tihana Miškić, Vladimir Savić*

16:10 - 16:20 **Cockroaches as potential zoonotic diseases vectors -** *Kustura Aida, Amira Koro-Spahić, Teufik Goletić, IlmaTerzić, Emina Šabić, AdisSoftić, Štefan Pintarič, Elna Ibrahimović, Almira Softić, Maja Varatanović*

16:20 - 16:30 **Prevalence of *Gallibacterium anatis* and *Mycoplasma synoviae* in broiler breeder flocks after different sampling methods -** *Željko Gottstein, Emanuel Budicin, Maja Lukač, Danijela Horvatek Tomić, Liča Lozica*

16:30 - 16:50 **Fibre in poultry feed: the value of fibre-degrading enzymes** - *Natalia Soares, Huvepharma NV, Belgium (commercial presentation)*

16:50 – 17:00 **Antimicrobial activity of selected plant extracts on potential bacterial pathogens isolated from poultry**- *Marijana Sokolovic, Marija Berendika, Fani Krstulović, Tajana Amšel Zelenika, Mirta Balenović, Dorin Camen, Roberta Tripon, Camelia Tulcan, Ana Vulić, Eleonora Perak Junaković, Natasa Kalogiouri, Victoria Samanidou*

17:00 - 17:10 Discussion

21:00 Gala Dinner

Fridey, May 8, 2026

9:00 - 9:10 **Epidemiological significance of infection of birds with parasites of the genus *Trichinella*** - *Davor Balić, Marija Krajina, Marica Lolić, Vlado Blagajac, Hrvoje Krajina, Mirta Vukičević, Irena Perković, Anastazija Konjarević, Katarina Komljen, Mario Škrivanko*

9:10 - 9:30 **Next-Generation Mycotoxin Adsorption: An Evolutionary Leap in Poultry Feed Safety** - *Joel Estevinho, Alltech, Portugal (commercial presentation)*

9:30 - 9:40 **Potential of olive leaves (*OleaeuropaeaL.*) as a feed additive in poultry nutrition** - *Goran Kiš, Zlatko Janječić, Dalibor Bedeković, Kristina Kljak, Dora Zurak, Barbara Vuk, Mirta Balenović, Tajana Amšel Zelenika*

9:40 - 9:50 **Overview of the breeding of Croatian native poultry breeds from the irrecognition to the present day -** *Zlatko Janječić, Tihana Biščan, Valerija Čižmak, Silvija Kramarić, Goran Kiš, Dalibor Bedeković*

9:50 - 10:10 **Poultry Star – EU-registered probiotic – synbiotic for early colonisation of the GI system ofpoultry,** *Igor Obranović, dsm-firmenich, Serbia (commercial presentation)*

10:10 - 10:20 Discussion

10:20 - 10:35 Coffee break (sponsored by Pravi ritam Ltd)

10:35 - 10:55 **Eagle TraxTM: Petersime's intelligent hatchery software** - *András Kovács, Petersime, Belgium (commercial presentation)*

10:55 - 11:05 **Kinetics of replication of La Sota and ZG1999HDS strains of Newcastle disease virus in chicken embryos -** *Željko Gottstein, FranjoPetir, Hrvoje Mazija*

11:05 - 11:15 **Prevalence and antimicrobial susceptibility of ESBL and/or Amp Candcar bapenemase producing *E. Coli* isolated from poultry meat** - *Eva Postružin, Gordan Kompes, Boris Habrun, Sanja Duvnjak, Irena Reil, Maja Dopuđ, Dora Tomašković, Lucija Hlebić, Lovran Peinović, Antonela Bagarić*

11:15 - 11:25 **Antimicrobial susceptibility of *Campylobacter* spp. Isolated from the cecal contents of poultry** - *Antonela Bagarić, Boris Habrun, Gordan Kompes, Maja Dopuđ, Sanja Duvnjak, Irena Reil, Luka Cvetnić, Dora Tomašković, Lucija Hlebić, Lovran Peinović, Eva Postružin*

11:25 - 11:35 **Molecular detection of *Salmonella* spp. In animal feed – challenges and opportunities** - *Mislav Unger, Manuela Zadravec*

11:35 - 11:55 **More profit with Innovative Incubations Technology** - *Jan Stebel, Hatch Tech BV., Netherlands (commercial presentation)*

11:55 - 12:05 Discussion

12:05 - 12:35 Poster presentation and discussion

Lunch break

15:30 Editional tour with dinner

Saturday, May 9, 2026

Departure

POSTER PRESENTATIONS

P01 **The seroprevalence of West Nile virus in poultry in Croatia during 2024-2025** - *Ivana Rončević, Vladimir Stevanović, Mirta Balenović, Tajana Amšel Zelenika, Tatjana Vilibić-Čavlek, Ljubo Barbić, Vladimir Savić*

P02 **The economic impact of vaccination against IBV** - *Davor Janković*

P03 **Incidence of *Salmonella* infections in domestic poultry flocks in northern Croatia from 2021 to 2025** - *Ana Končurat, Ivica Pavljak, Matea Pek, Matej Krištić, Zrinka Dugonjić Odak, Sandra Gutić, Tomislav Sukalić*

P04 **Concordance of *Salmonella* spp. detection in eggs and egg products by culture and RT-PCR methods** - *Zdenko Mlinar, Vedran Prahin, Luka Jagić, Ivančica Kovaček*

P05 ***Corynebacterium* species - commensal or pathogen in poultry?** - *Fani Krstulović, Marija Berendika, Tajana Amšel Zelenika, Mirta Balenović, Marijana Sokolović*

P06 **Histomoniasis in poultry: current knowledge and future perspectives -** *Tomislav Sukalić, Ivica Pavljak, Matea Pek, Matej Krištić, Ana Končurat*

P07 **Benefits and problems of keeping laying hens in mobile houses** - *Mario Ostović, Kristina Matković, Željko Pavičić, Sven Menčik, Danijela Horvatek Tomić, Marica Lolić, Marija Batinjan Matković*

P08 **Characterization of Gram-positive cocci isolated from surfaces as sociated with personnel in a laying hen farm: identification, biofilm production, and antibiotic susceptibility** - *Cristina Gașpar, Roberta Tripon, Iulia Bucur, Alexandra Ban-Cucerzan, Dorin Camen, Marijana Sokolović, Camelia Tulcan*

P09 **Advantages of using plant extracts in animal feed -** *Marija Berendika, Fani Krstulović, Tajana Amšel Zelenika, Mirta Balenović, Marijana Sokolović*

P10 **Microplastics as a new challenge in poultry production** - *Zlata Kralik, Manuela Košević*
